

USAGE INSTRUCTIONS

1. Battery installation is done by removing the LED head. The positive end of the battery will face the bulb. Tighten the unit till it's completely closed.
2. Slide the mode switch on left(L) or right(R) side of light down for momentary on. Release the side button and the light will go off. Slide either side switch upward for a constant on mode.
3. To switch modes, simply turn the unit on and switch the toggle switch from left to right. Far left activates the LED light. Center position activates both LED light and green laser. Far right position activates just the laser.

Maintenance

Every 3 months, threads should be wiped with a clean cloth followed by a thin coating of silicon-based lubricant.

LED TYPE: CREE XM-L2 U2 LED

ILLUMINATION FUNCTIONS

	Mode:	High	Laser
RCR123A (4.2V)	Max Output:	550 lm	5mW
	Runtime:	56 min.	214 min.
CRCR123A (3V)	Max Output:	380 lm	5mW
	Runtime:	61 min.	283 min.

Battery: (1) CR123A or (1) RCR123A battery (4.2V).

Size:
Length: 76mm
Bezel Diameter: 21.5mm
Width: 33mm
Height: 48mm

Weight: 118 g (without battery)

FEATURES & SPECIFICATIONS

- Utilizes a CREE XM-L2 U2 white LED that enables it to produce an amazing 500 lumens (using a 4.2V RCR123 battery) output.
- 149 meters beam throw with impressive flood light to illuminate close distance.
- Intelligently designed quick access interface for tactical use.
- Unique digital circuit control technology to maximize battery life and smooth light output.
- Compatible with a CR123A or an RCR123/16340 (4.2V) battery.
- Machined from aircraft grade aluminum.
- Mil standard Type III tough and durable anodized finish
- Green laser with 5mw output with compact size.
- Temperature range : -40° F ~ 122°F
- O-ring sealed to ensure IPX – 4 rain proof standard.

DISCLAIMER

- After long periods of use on the highest setting, the surface area may get hot. Please use caution when using the flashlight in a constant high brightness level. It is recommended to let the flashlight cool down to prevent any injury.
- High intensity light is harmful to human eyes. This product is not meant to be handled by children under the age of 18 without adult supervision.
- Use the highest quality, protected-circuit batteries to insure maximum performance and safety. Consult with the manufacturer regarding any questions or concerns.
- PowerTac's liability is voided if the light is not used in a proper manner or if modified.
- PowerTac reserves the right to change the design and/or specifications of all PowerTac products without prior notice.
- Please do not change batteries at dangerous locations such as gas stations. Batteries must only be changed or removed when light is off.
- Do not use or attempt to recharge a disposable CR123 battery! Do not throw the flashlight into a fire as an explosion may occur.

THE POWERTAC NO-HASSLE LIFETIME WARRANTY

PowerTac warrants our illumination tools to be free from defects in workmanship and materials, including any LEDs housed within, for the lifetime of the original parts (The lifetime of the parts are specified by individual parts manufacturers). If it is determined by us to be defective, we will repair or replace your original purchase of these products, at our discretion. Electronics, chargers, and rechargeable batteries are covered for a period of two years with proof of purchase. Normal wear and tear – including lamps burning out, batteries draining, and switches wearing out – is not covered, nor is damage resulting from misuse, abuse, neglect, battery damage, use of other non-approved batteries or altering these products from their original state. Parts and accessories for illumination tools are not covered by this warranty.

WARRANTY DISCLAIMER

The above warranty is exclusive, and to the extent permitted by applicable laws, shall be in lieu of all other warranties, express or implied, including, without limitation, any warranty of merchantability or fitness for a particular use or purpose. PowerTac disclaims any and all liability for product malfunctions, physical injuries, or property damages that result in whole, or in part, from the criminal, negligent, or improper use of the product, or from modifications or alterations thereto. In no event shall PowerTac be liable for any incidental, special, or consequential damages relating to the purchase, use, or performance of any PowerTac product.
